A Farewell Message

It is with deep regret that we pen this Farewell Message, for this is our final year as pupils of Penrith High, but we are sure that every member of this year's Fifth Year will always carry with him, into the future, very happy memories of school and inter-school activities, and of friendships which have been made in the course of these activities over the past five years.

We should like to take this opportunity of thanking all prefects and pupils for the co-operation we have received from them throughout the year and we hope that incoming captains of the future will obtain the same cheerful and pleasant help

from the members of the school as we, your elected leaders, received this year.

Finally, on behalf of all Fifth Years, we should like to extend our thanks to the Headmaster and Staff for their efforts to fit us for the responsibilities of our future lives.

In closing, we remind you, the pupil, to always strive for the peak of perfection in your studies, school activities and in sport, and in doing this, you will never forget our school motto — "Altiora Peto."

Your Captains,

Noeline Neville and
Doug. Taylor.
