

PENRITH HIGH

PRESS REPORT

Another year is drawing close to completion in the lives of the students, the staff and the school itself. At this time of the year we should all look back on what has been achieved throughout the year. The vast majority of the students are to be congratulated upon their dedication, their perseverance and their attitude towards their school work. It is very pleasing to me to see students and staff in the classroom working in harmony with a mutual goal; the education of our students. I congratulate you all on your fine work throughout the year.

Over the years many fine students have passed through Penrith High School and they have attained some outstanding results. Our present students should examine what has gone before them and should strive to emulate or more importantly improve upon their achievements. By setting yourselves high goals you will achieve at a high standard.

Apart from the high standards achieved in the

classroom, many students have performed exceptionally well in competitions involving Art, Maths, Science, English, Debating, History and many other areas. Congratulations upon your results. In addition to the more academic areas, many students should be congratulated for their efforts in such things as Drama and Musical presentations, the Student Representative Council, the Peer Support Group, Chess Club, Environmental Group, Streamwatch and many more. Upon the sporting field the students have performed with great distinction.

To those students who will leave the school at the end of this year I wish you all the best, not only in your forthcoming examinations, but in your future life. The school has given you many skills it will soon be your turn to put them into effect. To those of you who will return next year I look forward to a year as enjoyable as this one has been.

Mr. P.D. PRESS
